

Call of the Wild

DEVELOPING INDIVIDUALS AND ORGANISATIONS

ONE WORLD IS NOT ENOUGH!

If everyone in the World were to consume at the same rate as we do in Wales we would need the resources of three planets. With the growth in global human population projected to be as much as 9 billion people by 2050 we face a daunting future if we don't address the situation now.

LIVING ENVIRONMENT

Call of the Wild are keen to promote sustainable use of the environment, this means that our programmes won't cost the earth. The company has a commitment to sustainability and is working towards obtaining carbon neutrality status.

AMONGST THE SOLUTIONS WE HAVE INTRODUCED INCLUDE...

WATER SAVING DEVICES

18,000 GALLONS OF WATER SAVED PER YEAR

RECYCLING FACILITIES

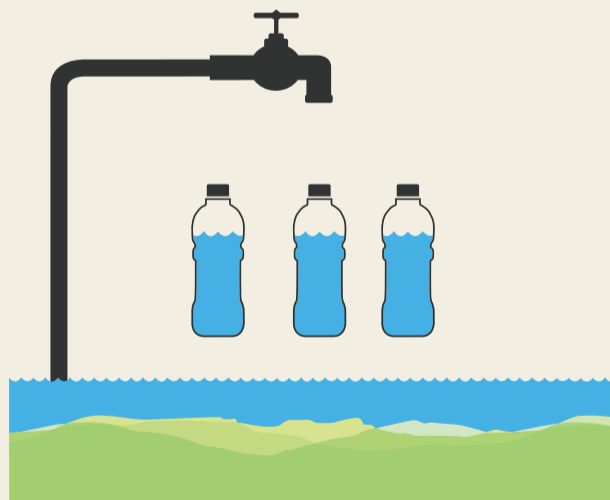

336+ BAGS OF RECYCLED WASTE COLLECTED IN 2011

PLANTING OF 2,000 DECIDUOUS TREES

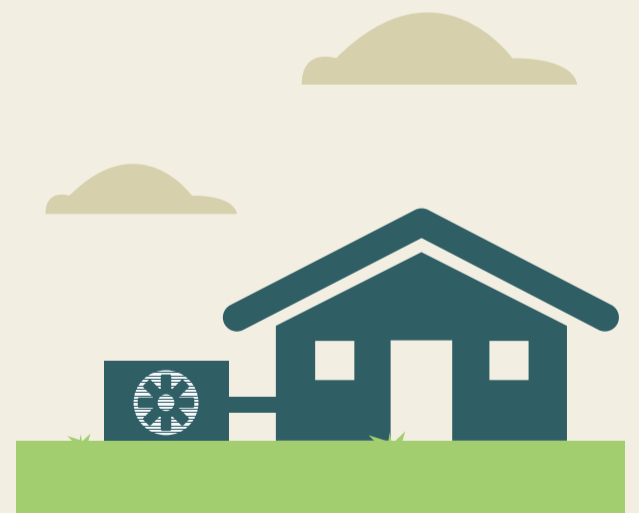

500 TONNES OF CARBON CAPTURED OVER 30 YEARS

REUSABLE WATER BOTTLES

ELIMINATING THE USE OF 3,320 PLASTIC BOTTLES PER YEAR

AIR SOURCE HEAT PUMPS

SAVING 4,500 LITRES OF OIL
